EDUCATION

University of Washington, Seattle 09/2025 - 03/2027
Master of Science, Technology Innovation (Human-Computer Interaction)

Maryland Institute College of Art 08/2018 - 05/2022
Bachelor of Fine Arts, Graphic Design

WORK EXPERIENCE

Walmart | UI Designer 10/2024 - 09/2025

- **Increased checkout completion by 25%** and **reduced support resolution time by 30%** through designing Walmart China's self-checkout kiosk and smart cart system
- **Improved user engagement by 35%** by redesigning shopping cart and after-sales service flows, as well as designing real-time delivery tracking and post-purchase experiences for Walmart Hyper App and Mini Program
- Maintained and evolved the cross-platform design system by refining reusable **components, typography, and interaction patterns** to support scalable product development

Candela Technology Innovation | UX Designer 08/2024 - 10/2024

- Conducted field research and contextual interviews to identify onboarding friction, customer pain points, and adoption barriers across mobile, web, and robotic display platforms
- Increased engagement by **10%** and drove **2,000+ new registrations** through onboarding and product flow improvements
- Redesigned **100+** interfaces in collaboration with product managers and engineers, balancing usability, technical feasibility, and business goals across multiple platforms

Fhera | Founding Product Designer 03/2024 - 08/2024

- Led end-to-end product design for Fhera's first Web3 cloud storage product, Cipher Database, delivering **200+** prototypes across research, wireframes, interaction flows, and high-fidelity designs
- Built and documented a comprehensive design system and brand identity, improving consistency across the website, marketing assets, and social platforms
- Worked cross-functionally with founders and engineers to iterate rapidly based on feedback, constraints, and evolving product strategy

Intellectual Capital Investments | Product Designer 09/2022 - 03/2024

- Increased daily active users by **70%+** through redesigning booking flows and information architecture for the Fontainebleau website
- Launched the Fontainebleau mobile app within 8 weeks in collaboration with PMs and engineers, reaching **10M+ downloads** shortly after release
- Maintained brand identity for Digicel, Africa's top telecom, enhancing brand experience and driving a **30%** revenue growth by designing web and mobile interfaces, landing pages, and web banners
- Developed and documented **web design guidelines**, UI components, typography systems, and brand standards to ensure visual consistency across digital platforms and marketing materials

TOOL & SKILL
